SPECIAL NOTE ABOUT FORWARD-LOOKING STATEMENTS

This prospectus, the documents incorporated herein and any applicable prospectus supplement include "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act, and Section 21E of the Exchange Act, including, in particular, statements about our plans, objectives and strategies, growth opportunities in our industries and businesses, our expectations regarding future results, financial condition, liquidity and capital requirements, our estimates regarding the impact of regulatory developments and legal proceedings, and other trends and projections. Forward looking statements are not historical facts and may be identified by words such as "future," "anticipate," "intend," "plan," "goal," "seek," "believe," "estimate," "expect," "predict," "will," "would," "could," "can," "may," and similar terms. These forward looking statements are based on information available to us as of the date of this prospectus and represent management's current views and assumptions. Forward looking statements are not guarantees of future performance, events or results and involve known and unknown risks, uncertainties and other factors, which may be beyond our control. Accordingly, actual performance, events or results could differ materially from those expressed or implied in the forward looking statements due to a number of factors, including, but not limited to, the following:

Competition and Economic Risks

- As the pay-TV industry has matured and bundled offers combining video, broadband and/or wireless services have become more prevalent and competitive, we face intense and increasing competition from providers of video, broadband and/or wireless services, which may require us to further increase subscriber acquisition and retention spending or accept lower subscriber activations and higher subscriber churn.
- Changing consumer behavior and competition from digital media companies that provide or facilitate the delivery of video content via the Internet may reduce our subscriber activations and may cause our subscribers to purchase fewer services from us or to cancel our services altogether, resulting in less revenue to us.
- Economic weakness and uncertainty may adversely affect our ability to grow or maintain our business.
- Our competitors may be able to leverage their relationships with programmers to reduce their programming costs and/or offer exclusive content that will place them at a competitive advantage to us.
- Our over-the-top ("OTT") Sling TV Internet-based services face certain risks, including, among others, significant competition.
- If government regulations relating to the Internet change, we may need to alter the manner in which we conduct our Sling TV business, and/or incur greater operating expenses to comply with those regulations.
- Changes in how network operators handle and charge for access to data that travels across their networks could adversely impact our business.
- We face increasing competition from other distributors of unique programming services such as foreign language, sports programming and original content that may limit our ability to maintain subscribers that desire these unique programming services.

Operational and Service Delivery Risks

- If our operational performance and customer satisfaction were to deteriorate, our subscriber activations and our subscriber churn rate may be negatively impacted, which could in turn adversely affect our revenue.
- If our subscriber activations decrease, or if our subscriber churn rate, subscriber acquisition costs or retention costs increase, our financial performance will be adversely affected.
- Programming expenses are increasing and may adversely affect our future financial condition and results of operations.
- We depend on others to provide the programming that we offer to our subscribers and, if we fail to obtain or lose access to certain programming, our subscriber activations and our subscriber churn rate may be negatively impacted.
- We may not be able to obtain necessary retransmission consent agreements at acceptable rates, or at all, from local network stations.
- We may be required to make substantial additional investments to maintain competitive programming offerings.
- Any failure or inadequacy of our information technology infrastructure and communications systems or those of third parties that we use in our operations, including, without limitation, those caused by cyber-attacks or other malicious activities, could disrupt or harm our business.
- Technology in the pay-TV industry changes rapidly, and our success may depend in part on our timely introduction and implementation of, and effective investment in, new competitive products and services, and our failure to do so could cause our products and services to become obsolete and could negatively impact our business.
- We rely on a single vendor or a limited number of vendors to provide certain key products or services to us such as information technology support, billing systems and security access devices, and the inability of these key vendors to meet our needs could have a material adverse effect on our business.
- We rely on a few suppliers and in some cases a single supplier for many components of our new set-top boxes, and any reduction or interruption in supplies or significant increase in the price of supplies could have a negative impact on our business.
- Our programming signals are subject to theft, and we are vulnerable to other forms of fraud that could require us to make significant expenditures to remedy.
- We depend on independent third parties to solicit orders for our DISH TV services that represent a meaningful percentage of our total gross new DISH TV subscriber activations.
- We have limited satellite capacity and failures or reduced capacity could adversely affect our DISH TV services.
- Our owned and leased satellites are subject to construction, launch, operational and environmental risks that could limit our ability to utilize these satellites.
- Satellite anomalies or technological failures could adversely affect the value of a particular satellite or result in a complete loss. Some of the satellites acquired pursuant to the Master Transaction Agreement (as defined in our 2019 Third Quarter Report) have experienced anomalies that may affect their useful lives or prohibit us from operating them to their currently expected capacity, and one or more of the satellites may suffer a technological failure, either of which could have an adverse effect on our business, financial condition and results of operations.

[Table of Contents](#)

- We generally do not carry commercial in-orbit insurance on any of the satellites that we use and could face significant impairment charges if any of our owned satellites fail.
- We may have potential conflicts of interest with EchoStar due to our common ownership and management.
- We rely on key personnel and the loss of their services may negatively affect our business.

Acquisition and Capital Structure Risks

- We have made substantial investments to acquire certain wireless spectrum licenses and other related assets. In addition, we have made substantial non-controlling investments in the Northstar Entities (as defined in our 2019 Third Quarter Report) and the SNR Entities (as defined in our 2019 Third Quarter Report) related to AWS-3 wireless spectrum licenses.
- We face certain risks related to our non-controlling investments in the Northstar Entities and the SNR Entities, which may have a material adverse effect on our business, results of operations and financial condition.
- To the extent that we commercialize our wireless spectrum licenses, we will face certain risks entering and competing in the wireless services industry and operating a wireless services business.
- Our wireless spectrum licenses are subject to certain interim and final build-out requirements, as well as certain renewal requirements. The failure to meet such build-out and/or renewal requirements may have a material adverse effect on our business, results of operations and financial condition.
- We rely on highly skilled personnel for our wireless business, including without limitation our ability to meet build-out requirements, and if we are unable to hire and retain key personnel or hire qualified personnel then our wireless business may be adversely affected.
- The Prepaid Business Sale (as defined in our 2019 Third Quarter Report) may not be completed on the terms or timeline currently contemplated, or at all, as we and the Sellers (as defined in our 2019 Third Quarter Report) may be unable to satisfy the conditions or obtain the approvals required to complete the Prepaid Business Sale or such approvals may contain material restrictions or conditions.
- We may fail to realize all of the anticipated benefits of the Prepaid Business Sale.
- The integration of the BSS Business (as defined in our 2019 Third Quarter Report) may not be as successful as anticipated.
- We may fail to realize all of the anticipated benefits of the Master Transaction Agreement.
- Despite the acquisition of additional satellites acquired pursuant to the Master Transaction Agreement, we continue to have limited satellite capacity, and failures or reduced capacity could adversely affect our DISH TV services.
- Current DISH Network stockholders have reduced ownership and voting interest in and exercise less influence over management of DISH Network following the closing of the Master Transaction Agreement.
- If we were to take certain actions that could cause the Distribution (as defined in our 2019 Third Quarter Report) to become taxable to EchoStar, we may be required to indemnify EchoStar for any resulting tax liability, and the indemnity amounts could be substantial.

[Table of Contents](#)

- We may pursue acquisitions and other strategic transactions to complement or expand our business that may not be successful, and we may lose up to the entire value of our investment in these acquisitions and transactions.
- We may need additional capital, which may not be available on acceptable terms or at all, to continue investing in our business and to finance acquisitions and other strategic transactions.
- We have substantial debt outstanding and may incur additional debt.
- The conditional conversion features of our 3³/₈% Convertible Notes due 2026 (the "Convertible Notes due 2026") and our 2³/₈% Convertible Notes due 2024 (the "Convertible Notes due 2024," and collectively with the Convertible Notes due 2026, the "Convertible Notes"), if triggered, may adversely affect our financial condition.
- The convertible note hedge and warrant transactions that we entered into in connection with the offering of the Convertible Notes due 2026 may affect the value of the Convertible Notes due 2026 and our Class A common stock.
- We are subject to counterparty risk with respect to the convertible note hedge transactions.
- From time to time a portion of our investment portfolio may be invested in securities that have limited liquidity and may not be immediately accessible to support our financing needs, including investments in public companies that are highly speculative and have experienced and continue to experience volatility.
- It may be difficult for a third party to acquire us, even if doing so may be beneficial to our shareholders, because of our ownership structure.
- We are controlled by one principal stockholder who is also our Chairman.

Legal and Regulatory Risks

- The rulings in the Telemarketing litigation requiring us to pay up to an aggregate amount of \$280 million and imposing certain injunctive relief against us, if upheld, would have a material adverse effect on our cash, cash equivalents and marketable investment securities balances and our business operations.
- Our business may be materially affected by the Tax Cuts and Jobs Act of 2017 (the "Tax Reform Act"). Negative or unexpected tax consequences could adversely affect our business, financial condition and results of operations.
- Our business depends on certain intellectual property rights and on not infringing the intellectual property rights of others.
- We are, and may become, party to various lawsuits which, if adversely decided, could have a significant adverse impact on our business, particularly lawsuits regarding intellectual property.
- Our ability to distribute video content via the Internet, including our Sling TV services, involves regulatory risk.
- Changes in the Cable Act of 1992 ("Cable Act"), and/or the rules of the Federal Communications Commission ("FCC") that implement the Cable Act, may limit our ability to access programming from cable-affiliated programmers at nondiscriminatory rates.
- The injunction against our retransmission of distant networks, which is currently waived, may be reinstated.

[Table of Contents](#)

- We are subject to significant regulatory oversight, and changes in applicable regulatory requirements, including any adoption or modification of laws or regulations relating to the Internet, could adversely affect our business.
- Our DISH TV services depend on FCC licenses that can expire or be revoked or modified and applications for FCC licenses that may not be granted.
- We are subject to digital high-definition ("HD") "carry-one, carry-all" requirements that cause capacity constraints.
- Our business, investor confidence in our financial results and stock price may be adversely affected if our internal controls are not effective.
- We may face other risks described from time to time in periodic and current reports we file with the Securities and Exchange Commission ("SEC").

The foregoing list of factors is not exclusive. Additional information concerning these and other risk factors is contained in our 2018 Annual Report, subsequent Quarterly Reports on Form 10-Q, recent Current Reports on Form 8-K, and other SEC filings. All cautionary statements made or referred to herein should be read as being applicable to all forward-looking statements wherever they appear. You should consider the risks and uncertainties described or referred to herein and should not place undue reliance on any forward-looking statements. The forward-looking statements speak only as of the date made, and we expressly disclaim any obligation to update these forward-looking statements.

INFORMATION ABOUT DISH NETWORK

DISH Network Corporation was organized in 1995 as a corporation under the laws of the State of Nevada. DISH Network started offering the DISH® branded pay-TV service in March 1996 and is the nation's fourth largest live-linear television programming provider. Our Class A common stock is publicly traded on NASDAQ under the symbol "DISH." Our principal executive offices are located at 9601 South Meridian Boulevard, Englewood, Colorado 80112 and our telephone number is (303) 723-1000. DISH Network's website is accessed at <https://www.dish.com>. Information on DISH Network's website is not incorporated into this prospectus or DISH Network's other securities filings and is not a part of this prospectus.

DISH Network Corporation is a holding company. Its subsidiaries operate two primary business segments.

Pay-TV

We offer pay-TV services under the DISH® brand and the Sling® brand (collectively "Pay-TV" services). The DISH branded pay-TV service consists of, among other things, FCC licenses authorizing us to use direct broadcast satellite ("DBS") and Fixed Satellite Service ("FSS") spectrum, our owned and leased satellites, receiver systems, broadcast operations, customer service facilities, a leased fiber optic network, Smart Home service and call center operations, and certain other assets utilized in our operations ("DISH TV"). We also design, develop and distribute receiver systems and provide digital broadcast operations, including satellite uplinking/downlinking, transmission and other services to third-party pay-TV providers. The Sling branded pay-TV services consist of, among other things, multichannel, live-linear streaming OTT Internet-based domestic, international and Latino video programming services ("Sling TV"). As of September 30, 2019, we had 12.180 million Pay-TV subscribers in the United States, including 9.494 million DISH TV subscribers and 2.686 million Sling TV subscribers.

In addition, we historically offered broadband services under the dishNET™ brand, which includes satellite broadband services that utilize advanced technology and high-powered satellites launched by Hughes Communications, Inc. ("Hughes") and ViaSat, Inc. ("ViaSat") and wireline broadband services. However, as of the first quarter 2018, we have transitioned our broadband business focus from wholesale to authorized representative arrangements, and we are no longer marketing dishNET broadband services. Our existing broadband subscribers will decline through customer attrition. Generally, under these authorized representative arrangements, we will receive certain payments for each broadband service activation generated and installation performed, and we will not incur subscriber acquisition costs for these activations.

Wireless

Since 2008, we have directly invested over \$11 billion to acquire certain wireless spectrum licenses and related assets and made over \$10 billion in non-controlling investments in certain entities, for a total of over \$21 billion, as described further below. These wireless spectrum licenses are subject to certain interim and final build-out requirements, as well as certain renewal requirements. In March 2017, we notified the FCC that we planned to deploy a narrowband Internet of Things ("IoT") network on certain of these wireless licenses, which was to be the first phase of our network deployment ("First Phase"). We expected to complete the First Phase by March 2020, with subsequent phases to be completed thereafter. As of September 30, 2019, we had entered into vendor contracts with multiple parties for, among other things, base stations, chipsets, modules, tower leases, the core network, radio frequency ("RF") design, and deployment services for the First Phase. Among other things, initial RF design in connection with the First Phase was complete, we had secured certain tower sites, and we were in the process of identifying and securing additional tower sites. The core network had been

[Table of Contents](#)

installed and commissioned. We had also installed the first base stations on sites in 2018 and were in the process of deploying the remaining base stations. Beginning on November 5, 2019, and while the approval of the merger of Sprint Corporation and T-Mobile US, Inc. (the "Sprint-TMUS merger") is pending, the March 7, 2020 build-out deadline for both our AWS-4 and Lower 700 MHz E Block spectrum bands is tolled; however, if the Sprint-TMUS merger is not consummated, the original deadlines would be reinstated with extensions equal to the length of time the deadline was tolled. As our March 2020 build-out deadlines are currently tolled we have paused work on our narrowband IoT deployment. We have issued requests for information and proposals to various vendors in the wireless industry as we move forward with our 5G network deployment.

USE OF PROCEEDS

Unless otherwise indicated in a prospectus supplement or any related free writing prospectus, the net proceeds from the sale of the securities offered hereby will be used for general corporate purposes, which may include investments in our wireless business, refinancing of debt, working capital, acquisitions of assets or businesses, strategic investments, retirement of debt and other business opportunities. We will disclose any intention to use net proceeds from any offering of securities specifically for an acquisition of assets or businesses and/or strategic investments in the prospectus supplement relating to such offering.

DESCRIPTION OF CAPITAL STOCK

The following descriptions of our capital stock and provisions of our amended and restated articles of incorporation (the "Articles of Incorporation") and amended and restated bylaws (the "Bylaws") are summaries of their material terms and provisions and are qualified in their entirety by the Nevada Revised Statutes ("NRS") and by reference to such complete documents, which are filed as exhibits or incorporated by reference to the registration statement of which this prospectus is a part. As the terms of such securities may differ from the summary in this prospectus, the summary in this prospectus is subject to and qualified by reference to the summary in such prospectus supplement, and you should rely on the summary in such prospectus supplement instead of the summary in this prospectus if the summary in such prospectus supplement is different from the summary in this prospectus.

Our Bylaws provide that the stockholders may, at a meeting called for the express purpose of removing directors, by the vote of stockholders representing not less than two-thirds of the voting power of the issued and outstanding stock entitled to voting power, remove our entire board of directors or any lesser number, with or without cause.

Quorum. The NRS provide that a quorum for a stockholder meeting consists of a majority of the voting power, which includes the voting power that is present in person or by proxy, regardless of whether the proxy has authority to vote on all matters. Neither our Articles of Incorporation nor our Bylaws make any modifications to the NRS provisions. Our Bylaws provide that two or more classes or series of stock will be considered a single class if the holders thereof are entitled to vote together as a single class at the meeting, and that, in the absence of a quorum of the holders of a majority of the voting power of any class of stock entitled to vote on a matter, the holders of a majority of the voting power of such class may adjourn the meeting of such class.

Special Meeting of Stockholders. The NRS provide that, unless otherwise provided in the articles of incorporation or bylaws, special meetings of the stockholders may be called by the entire board of directors, any two directors or the president. Our Bylaws modify the NRS provisions by providing that

[Table of Contents](#)

special meetings of the stockholders may be called by the Chairman of the DISH Network board of directors, the Chief Executive Officer, the DISH Network board of directors or holders of not less than one-third of the voting power of DISH Network.

Exclusive Forum

Our Articles of Incorporation provide that unless we otherwise consent in writing, the Eighth Judicial District Court of Clark County, Nevada (or if the Eighth Judicial District Court of Clark County, Nevada does not have jurisdiction, any other state district court located in the State of Nevada) will be the sole and exclusive forum for any action or proceeding brought in the name or right of DISH Network or on our behalf, any action asserting a claim for breach of any fiduciary duty owed by any director, officer, employee or agent of DISH Network to us or our stockholders, any action asserting a claim arising pursuant to any provision of NRS Chapters 78 or 92A, our Articles of Incorporation or our Bylaws, any action to interpret, apply, enforce or determine the validity of our Articles of Incorporation or Bylaws or any action asserting a claim governed by the internal affairs doctrine.

Combinations Statutes

The provisions described below, in addition to the controlling voting ownership held by our Chairman and principal shareholder, may make DISH Network a less attractive acquisition candidate which may result in shareholders receiving less for their shares than might otherwise be the case.

Sections 78.411 through 78.444 of the NRS (the "Nevada Combinations Statute") generally prohibit "combinations" including mergers, consolidations, sales and leases of assets, issuances of securities and similar transactions by a Nevada corporation having a requisite number of stockholders of record (of which we are one) with any person who beneficially owns (or any affiliate or associate of the corporation who within the previous two years owned), directly or indirectly, 10% or more of the voting power of the outstanding voting shares of the corporation (an "interested stockholder"), within two years after such person first became an interested stockholder unless (i) the board of directors of the corporation approved the combination or transaction by which the person first became an interested stockholder before the person first became an interested stockholder or (ii) the board of directors of the corporation has approved the combination in question and, at or after that time, such combination is approved at an annual or special meeting of the stockholders of the target corporation, and not by written consent, by the affirmative vote of holders of stock representing at least 60% of the outstanding voting power of the target corporation not beneficially owned by the interested stockholder or the affiliates or associates of the interested stockholder.

Two years after the date the person first became an interested stockholder, the Nevada Combinations Statute prohibits any combination with that interested stockholder unless (i) the board of directors of the corporation approved the combination or transaction by which the person first became an interested stockholder before the person first became an interested stockholder or (ii) such combination is approved by a majority of the outstanding voting power of the corporation not beneficially owned by the interested stockholder or any affiliate or associate of the interested stockholder. The Nevada Combinations Statute does not apply to combinations with an interested stockholder after the expiration of four years from when the person first became an interested stockholder.

DISH Network has not opted out of the protections of the Nevada Combinations Statute. As a result, the provisions apply to DISH Network.

Limitations on Liability and Indemnification of Officers and Directors

Limitation on Director Liability. The NRS provide that, unless certain provisions of the NRS or articles of incorporation or an amendment thereto filed on or after October 1, 2003 otherwise provide for greater individual liability, a director is not individually liable to the corporation or its stockholders or creditors for any damages as a result of any act or failure to act in his or her capacity as a director unless: (a) the trier of fact determines that the presumption that directors, in deciding upon matters of business, act in good faith, on an informed basis and with a view to the interests of the corporation has been rebutted, and (b) it is proven that (1) the director's act or failure to act constituted a breach of his or her fiduciary duties as a director and (2) such breach involved intentional misconduct, fraud or a knowing violation of law.

Our Articles of Incorporation provide that, to the fullest extent permitted by the NRS, a director of DISH Network shall not be liable to DISH Network or its shareholders for monetary damages for breach of fiduciary duty as a director.

Indemnification of Officers and Directors. Under the NRS, a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, except an action by or in the right of the corporation (a "derivative action"), by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with the action, suit or proceeding if the person: (a) is not liable as described in "—Limitation on Director Liability" above and (b) acted in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the conduct was unlawful.

In the case of derivative actions, no indemnification may be made for any claim, issue or matter as to which such a person, after exhaustion of all appeals, has been found liable to the corporation or for amounts paid in settlement to the corporation, unless and only to the extent that the court determines otherwise in light of all the circumstances.

The NRS further provide that, to the extent that a director, officer, employee or agent of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding (including a derivative action), or in defense of any claim, issue or matter therein, a corporation shall indemnify him or her against expenses, including attorneys' fees, actually and reasonably incurred by him or her in connection with the defense.

The NRS further provide that any discretionary indemnification, unless ordered by a court, may be made by the corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances. Determinations as to the payment of indemnification are made by a majority of the board of directors at a meeting at which a quorum of disinterested directors is present, or by written opinion of special legal counsel, or by the stockholders.

Neither our Articles of Incorporation nor our Bylaws make any modifications to the NRS provisions.

We may elect to offer subscription rights from time to time. The following description summarizes the general terms and provisions of the subscription rights that we may offer pursuant to this prospectus. The specific terms relating to any subscription rights that we offer will be described in a prospectus supplement, which you should read. Because the terms of the specific subscription rights offered may differ from the general information that we have provided below, you should rely on information in the applicable prospectus supplement that contradicts any information below. The summary below is not complete and is subject to, and qualified in its entirety by reference to, the provisions of the applicable prospectus supplement.

General

We may issue subscription rights to purchase Class A common stock. Subscription rights may be issued independently or together with Class A common stock and may or may not be transferable by the person purchasing or receiving the subscription rights. In connection with any subscription rights offering to our security holders, we may enter into a standby underwriting arrangement with one or more underwriters pursuant to which such underwriters will purchase any offered securities remaining unsubscribed for after such subscription rights offering. In connection with a subscription rights offering to our stockholders, we will distribute certificates evidencing the subscription rights and a prospectus supplement to our security holders.

The applicable prospectus supplement will describe the terms of any subscription rights in respect of which this prospectus is being delivered, including the following:

- the title of the subscription rights;
- the securities for which the subscription rights will be exercisable;
- the exercise price for the subscription rights;
- the number of the subscription rights issuable to each security holder;
- the extent to which the subscription rights will be transferable;
- the date on which the right to exercise the subscription rights will commence and the date on which the rights will expire (subject to any extension);
- the extent to which the rights will include an over-subscription privilege with respect to unsubscribed securities;
- if applicable, the material terms of any standby underwriting or other purchase arrangement that we may enter into in connection with the subscription rights offering;
- if applicable, a discussion of the material United States federal income tax considerations applicable to the issuance or exercise of the subscription rights; and

Exercise of Subscription Rights

Each subscription right will entitle the holder of the subscription right to purchase for cash such amount of shares of Class A common stock at such exercise price as shall in each case be set forth in, or be determinable as set forth in, the prospectus supplement relating to the subscription rights offered thereby. Subscription rights may be exercised at any time up to the close of business on the expiration date for such subscription rights set forth in the prospectus supplement. After the close of business on the expiration date, all unexercised subscription rights will become void.

[Table of Contents](#)

Subscription rights may be exercised as set forth in the prospectus supplement relating to the subscription rights offered thereby. Upon receipt of payment and the subscription rights certificate properly completed and duly executed at the corporate trust office of the subscription rights agent or any other office indicated in the prospectus supplement, we will forward, as soon as practicable, the shares of Class A common stock purchasable upon such exercise. We may determine to offer any unsubscribed offered securities directly to persons other than security holders, to or through agents, underwriters or dealers or through a combination of such methods, including pursuant to standby underwriting arrangements, as set forth in the applicable prospectus supplement.

DESCRIPTION OF DEBT SECURITIES

This prospectus describes certain general terms and provisions of the debt securities. The debt securities may be issued from time to time in one or more series pursuant to an indenture to be entered into between DISH Network Corporation and one or more trustees selected by us. Such indenture is referred to herein as the "indenture." The terms of the debt securities will include those set forth in the indenture (as supplemented by any relevant officer's certificate or supplemental indenture) and those made a part thereof by the Trust Indenture Act of 1939, as amended. When we offer to sell a particular series of debt securities, we will describe the specific terms for the securities in a supplement to this prospectus. The prospectus supplement will also indicate whether the general terms and provisions described in this prospectus apply to a particular series of debt securities.

Because the following is only a summary of selected provisions to be included in the indenture and the debt securities, it does not contain all information that may be important to you. This summary is not complete and is qualified in its entirety by reference to the applicable indenture and any supplemental indentures thereto or officer's certificate or board resolution related thereto.

As used in this "Description of Debt Securities," the terms "we," "our," "us," "the company" and "DISH" refer to DISH Network Corporation., a Nevada corporation, and do not, unless otherwise specified, include our subsidiaries.

General

The indenture is not expected to limit the amount of debt securities which we may issue. We may issue debt securities up to an aggregate principal amount as we may authorize from time to time. Our secured debt, if any, will be effectively senior to any unsecured debt securities to the extent of the value of the assets securing such debt. The debt securities will be exclusively our obligations and not of our subsidiaries and therefore the debt securities will be structurally subordinate to the debt and other liabilities (including trade payables, but excluding intercompany obligations and liabilities of a type not required to be reflected on a balance sheet in accordance with generally accepted accounting principles in the United States) of any of our subsidiaries. The prospectus supplement will describe the terms of any debt securities being offered, including:

- the title;
- any limit upon the aggregate principal amount;
- whether the debt securities will be senior or subordinated;
- applicable subordination provisions, if any;
- whether the debt securities will be secured or unsecured, and if secured, what the collateral will consist of;
- the date or dates on which the principal is payable;
- the rate or rates at which the debt securities shall bear interest, if any, or the method by which such rate shall be determined;

- the date or dates on which interest shall be payable;
- the record dates for the determination of holders to whom interest is payable;
- the right, if any, to extend the interest payment periods and the duration of such extension;
- the place or places where the principal of and any interest shall be payable;

Governing Law

The indenture and the debt securities for all purposes shall be governed by and construed in accordance with the laws of the State of New York.

FORMS OF SECURITIES

Each debt security will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Certificated securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depository or its nominee as the owner of the debt securities represented by these global securities. The depository maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

Registered Global Securities

We may issue the registered debt securities in the form of one or more fully registered global securities that will be deposited with a depository or its nominee identified in the applicable prospectus supplement and registered in the name of that depository or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depository for the registered global security, the nominees of the depository or any successors of the depository or those nominees.

If not described below, any specific terms of the depository arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depository arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depository or persons that may hold interests through participants. Upon the issuance of a registered global security, the depository will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depository, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depository, or its nominee, is the registered owner of a registered global security, that depository or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depository for that registered global security and, if that person is not a participant, on the

[Table of Contents](#)

procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the applicable indenture, the depositary for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities represented by a registered global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the registered global security. None of DISH Network, the trustee or any other agent of DISH Network or agent of the trustee will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depositary for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of those participants.

If the depositary for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered under the Securities Exchange Act of 1934, and a successor depositary registered as a clearing agency under the Securities Exchange Act of 1934 is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depositary. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depositary gives to the relevant trustee or other relevant agent of ours or theirs. It is expected that the depositary's instructions will be based upon directions received by the depositary from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depositary.

PLAN OF DISTRIBUTION

We may sell the securities from time to time pursuant to underwritten public offerings, negotiated transactions, block trades or a combination of these methods. We may sell the securities to or through underwriters or dealers, through agents, or directly to one or more purchasers. In addition, we may issue the securities as a dividend or distribution or in a subscription rights offering to our existing security holders. We may distribute securities from time to time in one or more transactions:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to such prevailing market prices; or
- at negotiated prices.

A prospectus supplement or supplements will describe the terms of the offering of the securities, including:

- the name or names of the underwriters, if any;
- the purchase price of the securities and the proceeds we will receive from the sale;
- any over-allotment options under which underwriters may purchase additional securities from us;
- any agency fees or underwriting discounts and other items constituting agents' or underwriters' compensation;
- any public offering price;
- any discounts or concessions allowed or reallocated or paid to dealers; and
- any securities exchange or market on which the securities may be listed.

Only underwriters named in the prospectus supplement will be underwriters of the securities offered by the prospectus supplement.

If underwriters are used in the sale, they will acquire the securities for their own account and may resell the securities from time to time in one or more transactions at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase the securities will be subject to the conditions set forth in the applicable underwriting agreement. We may offer the securities to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. Subject to certain conditions, the underwriters will be obligated to purchase all of the securities offered by the prospectus supplement, other than securities covered by any over-allotment option. Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may change from time to time. We may use underwriters with whom we have a material relationship. We will describe in the prospectus supplement, naming the underwriter, the nature of any such relationship.

We may sell securities directly or through agents we designate from time to time. We will name any agent involved in the offering and sale of securities and we will describe any commissions we will pay the agent in the prospectus supplement. Unless the prospectus supplement states otherwise, our agent will act on a best-efforts basis for the period of its appointment.

We may authorize agents or underwriters to solicit offers by certain types of institutional investors to purchase securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. We will describe the conditions to these contracts and the commissions we must pay for solicitation of these contracts in the prospectus supplement.

[Table of Contents](#)

We may provide agents and underwriters with indemnification against civil liabilities, including liabilities under the Securities Act, or contribution with respect to payments that the agents or underwriters may make with respect to these liabilities. Agents and underwriters may engage in transactions with, or perform services for, us in the ordinary course of business.

All securities we may offer, other than Class A common stock, will be new issues of securities with no established trading market. Any underwriters may make a market in these securities, but will not be obligated to do so and may discontinue any market making at any time without notice. We cannot guarantee the liquidity of the trading markets for any securities.

Any underwriter may engage in over-allotment, stabilizing transactions, short-covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Over-allotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum price. Syndicate-covering or other short-covering transactions involve purchases of the securities, either through exercise of the over-allotment option or in the open market after the distribution is completed, to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a stabilizing or covering transaction to cover short positions. Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time.

Any underwriters that are qualified market makers on NASDAQ may engage in passive market making transactions in the Class A common stock on NASDAQ in accordance with Regulation M under the Exchange Act, during the business day prior to the pricing of the offering, before the commencement of offers or sales of the Class A common stock. Passive market makers must comply with applicable volume and price limitations and must be identified as passive market makers. In general, a passive market maker must display its bid at a price not in excess of the highest independent bid for such security; if all independent bids are lowered below the passive market maker's bid, however, the passive market maker's bid must then be lowered when certain purchase limits are exceeded. Passive market making may stabilize the market price of the securities at a level above that which might otherwise prevail in the open market and, if commenced, may be discontinued at any time.

Item 15. *Indemnification of Directors and Officers.*

NRS 78.7502(1) allows DISH Network to indemnify any person made or threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (except an action by or in the right of DISH Network, a "derivative action"), by reason of the fact that the person is or was a director, officer, employee or agent of DISH Network, or is or was serving at the request of DISH Network as a director, officer, employee or agent of another corporation, partnership, joint venture or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with the action, suit or proceeding if such person (i) is not liable pursuant to NRS 78.138, or (ii) acted in good faith and in a manner which such person reasonably believed to be in or not opposed to the best interests of DISH Network, and, with respect to any criminal proceeding, had no reasonable cause to believe that his conduct was unlawful. Under NRS 78.7502(2), in the case of derivative actions, no indemnification may be made for any claim, issue or matter as to which such a person, after exhaustion of all appeals, has been found liable to DISH Network or for amounts paid in settlement to DISH Network, unless and only to the extent that the court determines otherwise in light of all the circumstances. Under NRS 78.7502(3), determinations as to the payment of indemnification are made by a majority of the board of directors at a meeting at which a quorum of disinterested directors is present, or by written opinion of special legal counsel, or by the stockholders. NRS 78.751(1) provides that, to the extent that a director, officer, employee or agent of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding (including a derivative action), or in defense of any claim, issue or matter therein, a corporation shall indemnify him or her against expenses, including attorneys' fees, actually and reasonably incurred by him or her in connection with the defense.

Provisions relating to liability and indemnification of officers and directors of DISH Network for acts by such officers and directors are contained in Article IX of the Articles of Incorporation of DISH Network, Exhibit 3.1 hereto, and Article IX of DISH Network's Bylaws, Exhibit 3.2 hereto, which are incorporated by reference. These provisions state, among other things, that, consistent with and to the extent allowable under Nevada law, and upon the decision of a disinterested majority of DISH Network's board of directors, or a written opinion of outside legal counsel, or DISH Network's

stockholders: (1) DISH Network shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative and whether formal or informal (other than an action by or in the right of DISH Network) by reason of the fact that he is or was a director, officer, employee, fiduciary or agent of DISH Network, or is or was serving at the request of DISH Network as a director, employee, fiduciary or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding, if he conducted himself in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of DISH Network, and with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful; and (2) DISH Network shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of DISH Network to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee, fiduciary or agent of DISH Network, or is or was serving at the request of DISH Network as a director, officer, employee or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of DISH Network and except that no indemnification shall be made in respect to any claim, issue or matter as to which such person shall have adjudged to be liable for negligence or misconduct in the performance of his duty to DISH Network unless and only to the extent that the court in which such action or suit was brought shall determine upon application that despite the adjudication of liability but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) under the Securities Act if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that clauses (1)(i), (1)(ii) and (1)(iii) do not apply if the registration statement is on Form S-3 and the information required to be included in a post-effective amendment by these clauses is contained in reports filed with or furnished to the SEC by such registrant pursuant to Section 13 or Section 15(d) of the Exchange Act, that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement;

- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;
- (4) That, for the purpose of determining liability under the Securities Act to any purchaser:
 - (i) Each prospectus filed by such registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; *provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date;
- (5) That, for the purpose of determining liability of the registrants under the Securities Act of 1933, as amended, to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of such undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, such undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (i) Any preliminary prospectus or prospectus of such undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

[Table of Contents](#)

- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of such undersigned registrant or used or referred to by such undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about such undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by such undersigned registrant to the purchaser.
- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of such registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) For an offering in which the securities to be registered are to be offered to existing security holders pursuant to warrants or rights and any securities not taken by security holders are to be reoffered to the public, the undersigned registrant hereby undertakes to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the applicable prospectus supplement, a post-effective amendment will be filed to set forth the terms of such offering.
- (d) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of a registrant pursuant to the foregoing provisions, or otherwise, each registrant has been advised that in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by such registrant of expenses incurred or paid by a director, officer or controlling person of such registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the applicable registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

[Letterhead of DISH Network]

November 7, 2019

DISH Network Corporation
9601 S. Meridian Blvd.
Englewood, CO 80112

Ladies and Gentlemen:

I am Executive Vice President and General Counsel of DISH Network Corporation, a Nevada corporation (the "DISH Network"). I have acted as counsel in connection with the registration statement filed on Form S-3 (the "Registration Statement"), which DISH Network has filed with the Securities and Exchange Commission under the Securities Act of 1933, as amended (the "Act"), relating to the registration of an indeterminate amount of securities of DISH Network, including (i) shares of Class A common stock of DISH Network, par value \$0.01 per share (the "Class A Common Stock"), (ii) subscription rights to purchase the Class A Common Stock (the "Subscription Rights"), (iii) shares of preferred stock of DISH Network (the "Preferred Stock"), and (iv) debt securities of DISH Network (the "Debt Securities" and, together with the Class A Common Stock, the Subscription Rights and the Preferred Stock, the "Securities").

I have reviewed originals, or copies certified or otherwise identified to my satisfaction as copies of originals, of the various proceedings taken by DISH Network, and I have examined such other agreements, instruments, documents and corporate records of DISH Network as I have deemed necessary or appropriate in order to deliver this opinion.

Upon the basis of such examination, I am of the opinion that:

(1) *Class A Common Stock*. When the Registration Statement has become effective under the Act, the terms of sale of the Class A Common Stock have been duly established in conformity with DISH Network's amended and restated articles of incorporation and the Class A Common Stock has been duly issued and sold as contemplated by the Registration Statement, the Class A Common Stock will be validly issued, fully paid and nonassessable.

(2) *Subscription Rights*. When the Registration Statement has become effective under the Act, the terms of the issuance of the Subscription Rights have been duly established so as not to violate any applicable law or result in a default under or breach of any agreement or instrument binding upon DISH Network and so as to comply with any requirement or restriction imposed by any court or governmental body having jurisdiction over DISH Network, and the Subscription Rights have been duly issued as contemplated in the Registration Statement, the Subscription Rights will constitute valid and binding obligations of DISH Network, subject to bankruptcy, insolvency, fraudulent transfer, reorganization moratorium and similar laws of general applicability relating to or affecting creditors' rights and to general equity principles.

(3) *Preferred Stock*. When the Registration Statement has become effective under the Act, a Certificate of Designation has been duly filed with the Secretary of State of the State of Nevada, the terms of the Preferred Stock and of its issuance and sale have been duly established in conformity with the DISH Network's amended and restated articles of incorporation so as not to violate any applicable law or result in a default under or breach of any agreement or instrument binding upon DISH Network and so as to comply with any requirement or restriction imposed by any court or governmental body having jurisdiction over DISH Network, the Preferred Stock will be validly issued, fully paid and nonassessable.

(4) *Debt Securities*. When the registration statement relating to the Securities has become effective under the Act, the indenture relating to the Debt Securities has been duly authorized, executed and delivered, the terms of the Debt Securities and of their issuance and sale have been duly established in conformity with the applicable indenture so as not to violate any applicable law or result in a default under or breach of any agreement or instrument binding upon DISH Network, and so as to comply with any requirement or restriction imposed by any court or governmental body having jurisdiction over DISH Network, and when the Debt Securities have been duly executed and authenticated in accordance with the applicable indenture and issued and sold as contemplated in the Registration Statement, the Debt Securities will constitute valid and legally binding obligations of DISH Network, subject to bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting creditors' rights and to general equity principles.

I am admitted to practice only in the State of Colorado and the State of Connecticut and do not purport to be an expert on the laws of any other jurisdiction other than the laws of the State of Colorado and U.S. Federal law. With respect to all matters of New York law, I note that you have received an opinion, dated as of the date hereof, of Sullivan & Cromwell LLP.

I have relied as to certain matters on information obtained from public officials, officers of DISH Network and other sources believed by me to be responsible.

I hereby consent to the filing of this opinion as an exhibit to the Registration Statement and the making of the statements with respect to me which are set forth under the caption "Legal Matters" in the prospectus forming a part of the Registration Statement. In giving this consent, I do not thereby admit that I am within the category of persons whose consent is required under Section 7 of the Act.

Very truly yours,

/s/ Timothy A. Messner

[Letterhead of Sullivan & Cromwell LLP]

DISH Network Corporation
9601 S. Meridian Blvd.
Englewood, CO 80112

Ladies and Gentlemen:

In connection with the registration under the Securities Act of 1933 (the "Act") of (i) shares of Class A common stock, par value \$0.01 per share (the "Class A Common Stock") of DISH Network Corporation, a Nevada corporation (the "Company"), (ii) subscription rights to purchase the Class A Common Stock, (iii) shares of preferred stock of the Company and (iv) debt securities of the Company (the "Debt Securities"), pursuant to a Registration Statement on Form S-3 (the "Registration Statement") we, as your counsel, have examined such corporate records, certificates and other documents, and such questions of law, as we have considered necessary or appropriate for the purposes of this opinion.

Upon the basis of such examination, it is our opinion that when the Registration Statement has become effective under the Act, the indenture relating to the Debt Securities has been duly authorized, executed and delivered, the terms of the Debt Securities and of their issuance and sale have been duly established in conformity with the applicable indenture so as not to violate any applicable law or result in a default under or breach of any agreement or instrument binding upon the Company and so as to comply with any requirement or restriction imposed by any court or governmental body having jurisdiction over the Company, and the Debt Securities have been duly executed and authenticated in accordance with the applicable indenture and issued and sold as contemplated in the Registration Statement, the Debt Securities will constitute valid and legally binding obligations of the Company, subject to bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting creditors' rights and to general equity principles.

In rendering the foregoing opinion, we are expressing no opinion as to Federal or state laws relating to fraudulent transfers and we are not passing upon, and assume no responsibility for, any disclosure in any registration statement or any related prospectus or other offering material relating to the offer and sale of the Debt Securities.

We note that, as of the date of this opinion, a judgment for money in an action based on a Debt Security in a Federal or state court in the United States ordinarily would be enforced in the United States only in United States dollars. The date used to determine the rate of conversion of the foreign currency or currency unit in which a particular Debt Security is denominated into United States dollars will depend upon various factors, including which court renders the judgment. In the case of a Debt Security denominated in a foreign currency, a state court in the State of New York rendering a judgment on such Debt Security would be required under Section 27 of the New York Judiciary Law to render such judgment in the foreign currency in which the Debt Security is denominated, and such judgment would be converted into United States dollars at the exchange rate prevailing on the date of entry of the judgment.

The foregoing opinion is limited to the Federal laws of the United States and the laws of the State of New York, and we are expressing no opinion as to the effect of the laws of any other jurisdiction. With respect to all matters of Nevada law, we note that you have received an opinion, dated as of the date hereof, of Timothy A. Messner, Executive Vice President and General Counsel of the Company.

We have relied as to certain factual matters on information obtained from public officials, officers of the Company and other sources believed by us to be responsible, and we have assumed that the Company has been duly incorporated and is an existing corporation in good standing under the laws of the State of Nevada, an assumption which we have not independently verified. We hereby consent to the filing of this opinion as an exhibit to the Registration Statement and to the references to us under the heading "Legal Matters" in the prospectus contained therein. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Act.

Very truly yours,

/s/ Sullivan & Cromwell LLP
