EXHIBIT 99.1

DISH Network Announces Rights Offering

ENGLEWOOD, Colo., November 7, 2019 - DISH Network Corporation (NASDAQ:DISH) ("DISH") announced today that its Board of Directors has approved a proposed rights offering to raise proceeds of approximately \$1 billion. All DISH stockholders will be granted the right to participate in the offering and subscribe for newly-issued shares on a pro rata basis. The proceeds from the rights offering are intended to be used for general corporate purposes, including investments in the wireless business.

DISH intends to distribute transferable subscription rights pro rata to holders of record of DISH's Class A and B common stock, and outstanding convertible notes (based on the number of Class A shares into which those notes are convertible as of the record date) on November 17, 2019. The subscription rights will entitle the holder to acquire newly-issued shares of DISH's Class A common stock. The subscription price will be \$33.52 per share of Class A common stock. The rights offering will not provide for over-subscription rights.

Charles W. Ergen, who beneficially owns approximately 51.6% of DISH's Class A and Class B common stock (calculated assuming conversion of all outstanding Class B common stock into Class A common stock) as of October 31, 2019, has informed DISH that he intends to fully exercise all subscription rights allocated in respect of the shares he beneficially owns. DISH had 254,623,280 shares of Class A common stock and 238,435,208 shares of Class B common stock outstanding as of October 31, 2019. All outstanding shares of Class B common stock are beneficially owned by Mr. Ergen. To the extent any subscription rights would expire unexercised following the expiration of the rights offering, Mr. Ergen also intends to purchase all shares of Class A common stock that are not subscribed for by stockholders in connection with the rights offering. DISH expects to enter into a commitment letter with Mr. Ergen memorializing this intention.

This press release shall not constitute an offer to sell or a solicitation of an offer to buy any securities. Securities may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.

The rights offering will be made pursuant to DISH's effective shelf registration statement on Form S-3, filed with the Securities and Exchange Commission (the "SEC") on November 7, 2019, and a prospectus supplement to be filed with the SEC prior to the commencement of the rights offering. The prospectus supplement will contain important information about the rights offering and DISH, including the subscription ratio, the date of distribution of the rights, the expiration date of the rights offering and other information. Holders of subscription rights are urged to read the prospectus supplement carefully, when available, copies of which will be filed with the SEC or may be available from the information agent for the rights offering, before exercising their rights and investing. There can be no assurance that the rights offering will be consummated.
